## Indoor Air Quality Comfort Systems

### P900GX

#### PORTABLE UV AIR TREATMENT SYSTEM

The P900GX has all the benefits of the Sanuvox patented system in a portable air purifier weighing only 11 lbs. The variable speed blower of the P900GX moves the air into the reflective Aluminum Reaction Chamber so that the air travels parallel to the UV Lamp where the Dual Zone UVC/UVV (Germicidal /Oxidizing) Lamp destroys the biological and chemical contaminants.

The P900GX can be used continuously, or when the need arises. Easily transported and includes a stand and carrying handle. The P900GX will purify up to 900 square feet and is ideal for anyone in need of a cost effective solution, for those who work in offices, or for those who do not have a forced air home system.

#### FEATURES

- Eradicates bacteria, viruses and mold
